Attached is a request the Director received from John Ehrlichman. The Director wants us to assemble a package of the documents involved. We will take care of Attachment 1 up here. I am fairly sure that Attachments 2 and 3 involve reports which we did not have or disseminate since the VS system was not in being in Casabar/November 1968. I would appreciate your seeing what you can do to pull together copies of the documents requested in Attachments 2 and 3 and also those mentioned in Attachment 4, all of which are CS reports from the Saigon Station.
